

## TECHNICAL DATA

- Infeed Conveyor width 42mm
- Powered by 4kW Gearmotor
- Feeding speed 90m/min
- Infeed Solid shaft rollers Rubber Vulcanized
- Mechanical Shearing Machine AC42 Powered by 4kW Motor and heavy duty flywheel for maximum torque.
- Advanced control panel to control direction of travel and complete shearing action.
- Mechanical Measurement device
- Automatic Transfer to pockets/ Bending Line
- Maximum capacity upto 36mm rebar
