

Jaypee

Jaypee launched its Suspended platform Hoist JSP 800 and JSP 1000 and a new model of the De-coiling Machine model ST-14 at Excon 2011 and got tremendous response for the machines. "I feel Excon has always been an excellent international platform to showcase our products. Though it's not a

selling platform for us but is a vital venue for brand promotion and marketing," said **Mr. Aditya Mehta**, Director, Jaypee India.

Founded by Mr. Jay Mehta, Chairman Jaypee India Ltd, the Group today reached the magical heights with major

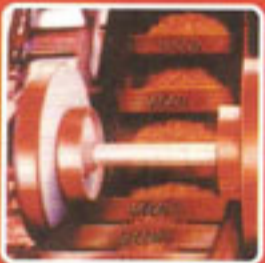

expansions in business. Jaypee India is renowned as the largest manufacturer of Jaymac range of Bar Bending and Bar Cutting machines and a one-point solution provider for construction

engineering industry. With over 30 years of experience, we understand the challenges in the manufacturing process and the opportunities to improve productivity. We have achieved great success by empowering every user in the enterprise with the tools to benchmark, automate and improve performance of their manufacturing tasks, he informed.
